

My Soul's Purpose

WHAT IS YOUR SOUL'S PURPOSE?

Have you ever wondered if you have anything truly unique and special to offer to the world?

Your soul's purpose is why you're currently here on this earth. It's the part of your life that drives you and moves you forward. When you know your soul's purpose, you're happy with your life.

You are here for a reason. You have a true objective. To access the light of your soul and do something special with your life brings you peace and purpose.

Your soul is here for a reason, with a deep-felt desire to realize your true purpose. It's the focus your soul chose to embrace when it developed a plan for your life before you were born.

Your soul's purpose is the mission you gave yourself for your life on earth. Realise that your soul's purpose is **not** limited to one profession, how much you make, or the relationships you have while on earth. It is a highly individual and limitless energy form.

This concept is often a great challenge to understand as your soul's purpose is not easily translatable into your understanding. That's because the energy is in the **immaterial** realm, not the material.

You are not limited by your heritage, the grades you received in school, your looks, age, or any other common measurement of your potential. Phew! Good to know.

Then, what will help you understand what you are here to do? The categories in this report are here to help you understand yourself on a different and deeper level. Let's find out what these are:

The Archangelic Realm

Your archangelic realm plays a huge part of your soul's identity and purpose.

Your Soul Groups of Origin

When a soul is birthed, one of the first choices it makes is where it will incarnate.

Your Life Lessons

Most souls come to the world, to become sort of teacher, however, the main reason for incarnation, is to learn through new experiences.

Soul Trainings In Between Lives

Another aspect that contributes to your purpose and the gifts you have, are the soul trainings you undertook in between lives.

Religions and Spiritual Traditions

Discovering the religions and spiritual traditions that your soul has been through its journey gives you additional clues as to what your soul has learned.

God Sparks

The God Spark is the connection that your soul has to Source.

Intuitive Gifts

These gifts are how you channel your information from Source.

Empathic Gifts

Empathic gifts give you the ability to experience what it's like to be another person in an in-depth way.

WHAT ARE THE AKASHIC RECORDS?

The Akashic Records hold all our choices past, present and future, every choice that we've ever made. We're able to go into the Akashic Records and find out the exact choices we made, the resulting consequence. Every thought, word and deed create a ripple effect that resonates throughout the fabric of space and time. Those energetic state changes are recorded in the Akashic Records.

Each soul has its own Akashic Record, which contains information about that Soul all the way back to its origin from Divine Source. The way you choose to incorporate this powerful information into your life to create important change is completely in your hands.

The Records are A Practical Tool

Reading the Akashic Records allows us to better understand our divine nature as we were created. Information obtained from the Akashic Records is always practical and based on intention. They are a tool to assist us in expressing our divinity, through our human experience.

One thing to keep in mind, most of us are not in alignment with our divine origins. Lifetime after lifetime we've made choices that have separated us from who we truly were at creation.

When reading the Akashic Records, I'm reading about your Soul from the neutral aspect of the Records. These are your facts.

Now, let's discuss some universal truths that are important for us to understand when working with the Akashic Records. Together, we'll see how they resonate with you during a session.
